

EDX – San Antonio, TX - Seminar

Dear Doctor,

We are planning a continuing education seminar: **The RMG EDX and IAJP Conference**. The seminar will be held at the **Westin Riverwalk in San Antonio, Texas on Saturday, October 15, 2005** from 9am to 5pm. There will be a seminar for the Physicians AND a special workshop for your EDX Technician in a separate room. Have your technician bring their EDX machine and manuals.

Please review your EDX and IAJP materials provided during your online seminars and bring any booklets or study guides you have received. If you have any specific topics you would like to be discussed please email our office with any requests in advance.

Our Seminar is very informative and always motivates the physician to expand his awareness and realize how much the EDX consultation enhances the “differential diagnosis” for neuromuscular disease. Our groups are always engaging and informative so we look forward to your participation. Our speakers will be Eugene Melvin MD (EDX, IAJP & Pain Management) and E.J. Cunningham MD (EDX & Diabetes treatment).

The phone number of the **Westin Riverwalk is 210.224.6500**. When making your reservations, tell them you are with the **RMG EDX and IAJP Conference** to receive our group rate. Rooms are limited, **so make reservations by September 15** to reserve a room at this hotel.

If you have any questions, call me at the office 843.676.9634 or cell 843.260.6895.

Please RSVP via a reply from this email (with all of your attendees and their degree (MD, DO, DC, PA, NP, etc.) if you CAN attend). At that point, more details will be sent. All attendees will receive an Application referring them for membership to the American Association of Neuromuscular & Electrodiagnostic Medicine (AANEM) formerly AAEM.

This is a must attend event. We look forward to meeting you in San Antonio!

See you there,

Bill Feley
EDX Coordinator
